Access the pre-course companion website in January!

Dedicate 4.5 days to intensive and focused review sessions designed specifically to help you pass the most important exam of your career — the first time.

Faculty draw on material based on common test questions to lead you through the enormous amount of content for each specialty area. This focused approach includes dedicated time for high-yield review sessions to re-cap the most important testable facts and concepts.

This unique blended learning program is the part of your study plan. Fourth year residents can also gain valuable insights for your final year of residency.

Access the pre-course companion website in January!

• 8 recorded webinars on study topics across orthopaedics

• Online high-yield videos: 8 sessions on key study points for each orthopaedic specialty area

• Download the PDF syllabus 1 week prior to the course

Extra post-course content, exclusively from AAOS:

• A library of AAOS Self-Assessment test questions — for interactive review and study

• Free registration for the live webinar on June 14: AAOS Board Preparation and Review Reshaker Webinar: Basic Science

If you are taking Part 1 of the Board Exam in 2018, this course should be part of your study plan. Fourth year residents can also gain valuable insights for your final year of residency.

Access all online content through July 31!
